

ELECTIONS TO THE MANAGING COMMITTEE 2023- 2026

1. The elections to the Manging Committee 2023 -2026 have concluded on 30 Jul 2026.
2. There were attempts till the very end by some members to get the election scuttled. The issue was finally closed in the afternoon on Friday, when the District Registrar disposed of the petition seeking change of the system of management from the General Body System to Collegium System, as well as for installation of an Ad Hoc Committee or an Administrator to conduct elections.
3. By then many members had firmed up their travel plans for the weekend and could not vote.
4. When the election became inevitable, a call to boycott the election was also made. Only a minuscule number of members responded to this call.
5. The management thanks the members who turned out in such large numbers to vote, in spite of the short notice and the call to boycott the election. Special thanks are due to the members who came from out stations to repose their faith in the system.
6. On behalf of the society, appreciation is also due for the members of the election team for conducting the most meticulously planned election in the history of the society. More importantly, they volunteered to come forward in spite of the malicious slander made by some against the election team of 2020.
7. The election team was as follows:-
 - (a) Brig S N Setia
 - (b) Brig Raghuvinder Kapoor, SC, VSM
 - (c) Col V K Popli
 - (d) Col R C Jaswal
 - (e) Col Arun Dhawan
 - (f) Col Pradeep Sangwan
